Silver Airways operates more routes within Florida and between Florida and the Bahamas than any other airline. The airline averages over 145 daily flights to 30 destinations in Florida and the Bahamas, as well as the Mid-Atlantic region from Washington-Dulles. Founded in 1994, Airborne has grown to become one of the largest independent providers of flight training in the United States. "We're very excited about this new venture." Says Vincenzo Billisi, President of 2FLY Airborne.
